Introduction

The Ministry of Education, Sport and Youth, in line with European Union guidelines, has incorporated extracurricular activities into the school curriculum. In accordance with the relevant regulations, schools are required to include a specific reference to and assessment of pupils' extracurricular involvement in their school records. Such participation may also be taken into consideration when applying to Higher Education Institutions.

In line with this framework, our school recognises and evaluates pupils' extracurricular participation through the Creativity – Action – Service (CAS) Programme, in which participation is compulsory.

Attendance on all **five (5) Club Days** is awarded ten (10) points in the CAS Programme, while participation in school excursions is awarded four (4) points. It is therefore important that pupils attend these scheduled activities.

Pupils may choose from a wide range of clubs designed to develop their interests, talents, skills and knowledge, while contributing to their personal and social development. Active participation and achievements in extracurricular activities can also strengthen pupils' CVs and university applications, providing evidence of interests, skills, commitment and experiences beyond the classroom.

Pupils are encouraged to read the club descriptions carefully before making their selections. **They should then complete the preference form, indicating three (3) clubs in order of preference (1st, 2nd and 3rd choice).**

The preference form must be submitted using the link below by **Friday, 2 October 2026**.

Link (copy – paste it): <https://forms.gle/ptLrbV1rs6CPmpX59>

For further information or enquiries, please contact **Ms Marina Stylianou, Assistant Head Teacher and Club Coordinator**, by phone at **22509411** or via email at stylianoum@pascal.ac.cy.

Important Information

1. The maximum number of pupils in each club depends on the specific requirements and capacity of the respective club.
2. No club has any restrictions based on a pupil's gender.
3. Club activities take place over five (5) school days, from **09:40 to 14:00**. For the **2026–27 school year**, the five Club Days will take place on the following dates: **30/10, 24/11, 26/01, 24/02 and 17/03**.
4. A pupil may not participate in the same club more than once during their time at the school, unless there are special circumstances. Such cases will be reviewed by the **Club Coordinator**, in consultation with the **School Management Team**.
5. Each pupil must complete the **Club Preference Form**, indicating **three (3) clubs in order of preference**. If a pupil does not indicate three choices, the **Club Coordinator will assign a club based on availability**. Once club placements have been finalised, **no changes will normally be permitted**. Where there are serious circumstances that may justify a change, a written **Club Change Request** must be submitted, together with any relevant supporting documentation.
6. Participation in each Club Day is awarded **two (2) points** in the CAS Programme. Pupils can therefore earn a total of **ten (10) CAS points** by attending all five (5) Club Days.
7. Clubs require a fee to cover costs associated with **instruction, materials and, where applicable, transportation**.
8. Once club placements have been finalised, the relevant fee will be **added to each pupil's tuition account**.

LIST OF CLUBS

CLUBS FOR ALL PUPILS

CLUBS FOR YEAR 1, 2, 3 PUPILS

CLUBS FOR YEAR 4, 5, 6 PUPILS

SPECIAL CLUBS

CLUBS FOR ALL PUPILS (YEARS 1 - 6)

1. ECO Rangers Club

Become an Eco Ranger!

If you love nature, adventure, and action, this club is for you! Together, we will explore the outdoors, plant trees, take part in creative environmental projects, and enjoy fun, active group experiences.

Through seminars, visits, videos, and hands-on activities, we will develop environmental awareness and discover how our everyday choices can make a real difference to our planet.

Our school is proud to be part of the Eco-Schools Programme and is committed to promoting environmental responsibility and sustainable practices.

In addition, club participants will have the opportunity to join the international Young Reporters for the Environment programme, take part in competitions, and enjoy unique experiences in natural areas, parks, and organisations dedicated to protecting the environment.

Fee: €140

2. Exploring Cyprus Club

Ready for a journey through Cyprus' past and present?

The Club will take us to villages and cities, castles and monuments, as well as places of outstanding natural beauty and historical interest.

Through excursions and discoveries, we will get to know our country better, uncover aspects of its traditions, culture, history, and natural environment that we may never have noticed before, and experience learning beyond the classroom!

The mission: To explore Cyprus with fresh eyes and curiosity — like modern-day adventurers!

Fee: €140

3. Zumba Dance Club

Ready to turn up the rhythm?

The Dance Club will take place at Diamantidou School of Music, Dance and Drama, with instructor Filippa Kyprianou.

Get ready to move, have fun, and discover a variety of dance styles and rhythms through energetic Zumba sessions:

- Salsa, Reggaeton, Bachata, Cumbia, Bollywood, Merengue, Afrobeats & Tango

- From high-energy rhythms to expressive moves, you will learn to express yourself through dance, stay active, have fun, and become part of an energetic team.

Join us — dance is not just about the steps... it's about the energy, the music and having fun!

Fee: €200

4. Volunteering Club

Do you want to make a difference?

Give your time, energy, and love where it's truly needed! The Volunteering Club is your chance to become part of a team that helps people, the environment, and animals.

Through activities and experiences:

- You will support fellow humans in need, not only financially but also emotionally and psychologically.
- You will understand environmental issues firsthand and contribute to meaningful solutions.
- You will help stray and abused animals by providing care and love.

Volunteering is not just an activity — it's a lifestyle.

In this Club, you will learn to collaborate, give, and see the world with a more open heart.

Small actions can make a big difference. Be part of the change!

Fee: €140

5. Journalism Club

Have you ever imagined yourself as a reporter or content creator?

This Club will introduce you to the exciting world of journalism, media and social media.

During the sessions, you will learn:

- How to write engaging news stories and communicate information clearly and effectively.
- Tips and strategies for creating a strong and responsible presence on Instagram, Facebook & TikTok.
- How to create eye-catching digital content that informs, engages and connects with an audience.

And of course... the highlight of the programme: we will visit radio and television stations to go behind the scenes and see media professionals at work firsthand!

If you enjoy writing, creating, communicating and discovering what happens behind the headlines, this is the Club for you.

Find the story. Create the content. Share your voice!

Fee: €180

6. Personal Development Club

Adolescence is full of challenges — but also opportunities!

Under the guidance of the School Psychologist, **Eirini Pavlou**, the Personal Development Club will help you understand yourself better, develop valuable life skills, and build greater confidence.

Through interactive activities, role-playing and open discussions, you will learn to:

- Recognise and manage your emotions
- Build healthy friendships and relationships
- Manage stress and deal with challenges more effectively
- Develop a positive self-image and strengthen your confidence

This Club is not just about theory!

A field trip will give you the opportunity to put some of the skills you have developed into practice in a real-life setting.

In addition, a special workshop with a guest specialist will offer practical advice, new perspectives and useful tools for personal growth.

If you want to understand yourself better, build confidence and develop skills that will support you both now and in the future, this is the Club for you!

Fee: €140

7. Make-Up Club

Do you love the world of beauty and want to discover the art of make-up?

The Make-Up Club will take place at **Yiotia Beauty Atelier**, under the guidance of professional make-up artist Yiotia Antoniou.

Through creative, hands-on sessions, you will learn:

- Basic and advanced techniques for foundation, contouring and highlighting
- How to choose and use the right products for different skin types
- How to adapt make-up for different occasions — from natural everyday looks to creative evening styles
- How to experiment with colours, techniques and different styles

This Club is the perfect place to explore your creativity, experiment with new looks and develop your own personal style through the art of make-up.

Get creative. Experiment. Express your style!

Fee: €250

8. Pottery Club

Would you like to create something unique with your own hands?

The Pottery Club invites you to discover the art of working with clay under the guidance of potter **Andreas Katto**.

Through creative, hands-on sessions, you will learn:

- How to use the pottery wheel
- How to shape and model clay by hand
- How to create, decorate and personalise your own ceramic pieces

Pottery is more than just an art — it's a chance to slow down, get creative and turn your ideas into something you can actually hold in your hands!

Shape it. Create it. Make it your own!

Fee: €220

9. Cooking Club

Ready to step into the kitchen and think like a chef?

The Cooking Club gives you the opportunity to experiment, create and develop your skills in the kitchen under the guidance of chef Roddy Damalis at **My View by Roddy Damalis**.

Through fun, hands-on sessions, you will learn:

- Exciting recipes and cooking techniques
- The essentials of balanced nutrition and kitchen hygiene
- How to prepare and present impressive dishes

And the best part? You get to taste your creations!

The fee also includes the chef's personal recipe book, so you can continue experimenting and creating at home.

If you love food, creativity and trying new things, this is your chance to learn from a professional and have fun along the way!

Cook it. Taste it. Love it!

Fee: €400

10. Chess Club

Ready to think ahead, make your move and take on the challenge?

If you enjoy strategy, problem-solving and a good challenge, the **Chess Club at Shah Mat Masters** in Limassol is the perfect place to put your skills to the test!

More than just learning how to play, chess is a great way to develop critical thinking, concentration, problem-solving and strategic planning.

With sessions suitable for different levels, you can progress at your own pace, whether you are new to chess or already an experienced player.

In the Club, you will:

- Learn and practise the rules and key strategies of chess
- Challenge your friends through games, puzzles and exciting exercises
- Explore different tactics and learn to think of several moves ahead
- Create and play mini-games with your own rules

The lively and supportive environment encourages teamwork, sportsmanship and a love of learning, while giving you plenty of opportunities to challenge yourself and others.

Think ahead. Make your move. Checkmate!

Fee: €200

11. Knitting Club

Ready to turn a ball of yarn into something uniquely yours?

Join the Knitting Club at **Tha M-Plexis Knitting Meeting** and discover how simple stitches can become creative, handmade pieces you can wear, use or give as gifts.

Through fun, hands-on sessions, you will learn:

- How to knit scarves and hats using basic stitches and needles
- Hand-knitting techniques to create your own designs
- The basics of crochet, including simple stitches and how to read patterns

Whether you are a complete beginner or simply looking for a new creative hobby, this Club is a chance to relax, create and see your ideas take shape — one stitch at a time.

And the best part? All materials are included, so all you need to bring is your imagination!

Pick up the yarn. Start creating. Make it yours!

Fee: €200

12. Hado Esports

Ready to step into a game where movement meets technology?

HADO Esports is the world's first Augmented Reality (AR) sport, combining real-world action with virtual gameplay!

Wearing AR headsets, players move, dodge, attack and defend as they compete using:

- Energy blasts
- Virtual shields
- Real-time strategy

No wires. No controllers. Just your body, your speed, your strategy — and your skills!

The Club takes place at Fun Arena in Limassol, where you will compete, work as a team and experience a completely different kind of sport.

Whether you love gaming, technology, sport or competition, HADO brings them all together in one action-packed experience!

Move. Dodge. Aim. Compete. Are you ready for HADO?

Fee: €200

13. Gymnastics & Calisthenics Club

Ready to build strength, master new skills and challenge yourself?

Join us at the **Olympia Centre**, Agios Athanasios, for a dynamic combination of Gymnastics and Calisthenics!

- Gymnastics – Develop strength, flexibility, coordination and body control while learning a variety of gymnastic and acrobatic skills using different apparatus.
- Calisthenics – Use your own bodyweight to build strength, endurance, balance and overall fitness, with little or no equipment.

Through active, hands-on sessions, you will have the chance to explore both disciplines, develop new skills and challenge your body in a fun and supportive environment.

Whether you are already active or simply looking for a new physical challenge, this Club gives you the opportunity to move, learn and see what your body can achieve!

Build strength. Find your balance. Challenge yourself!

Fee: €200

14. Recreational Cheerleading Club

Ready to combine strength, rhythm, teamwork and energy?

Discover the exciting world of cheerleading at PASSION IN MOTION CHEERLEADING CLUB, Cyprus' largest All-Star cheerleading club.

Cheerleading is a dynamic team sport that brings together athletic skills, coordination, creativity and teamwork. During the sessions, you will experience:

- Pyramids and stunts
- Dynamic choreography
- Tumbling and floor gymnastics
- Team routines that build strength, coordination and confidence

No previous experience is required — just bring your energy and team spirit!

Pupils will also have the opportunity to discover the different pathways within cheerleading, including All-Girl and Coed teams.

For those who wish to take their skills further, there may also be opportunities to progress towards competitive cheerleading teams, including:

- PMC ELITE – All-Star Team
- FIRE ANGELS – Levels 3–4
- FLEXIBLE DIVAS – Levels 1–2

Competitive athletes may have the opportunity to participate in national and international competitions.

Bring the energy. Trust your team. Take on the challenge!

15. Swimming Club

Ready to improve your swimming and discover what it takes to perform at your best?

Held at the school's swimming facilities, the Swimming Club combines practical training in the pool with valuable knowledge about sport, performance and well-being.

The programme includes:

- Swimming sessions with coaches from the Limassol Nautical Club, helping you develop your technique, fitness and confidence in the water
- Sport psychology and exercise physiology, giving you a better understanding of how the body and mind work together during physical activity
- Sports nutrition, exploring how the right food choices can support energy, recovery and performance

Whether you want to improve your swimming, become fitter or simply understand more about athletic performance, this Club gives you the opportunity to develop both in and out of the pool.

Swim. Learn. Improve. Dive into the challenge!

Fee: €140

16. STEAM – Robotics Club

Ready to design, build and bring your ideas to life?

Discover how Science, Technology, Engineering, Arts and Mathematics (STEAM) come together through exciting, hands-on activities at ENGINO.

Using a practical STEAM approach, you will design, build and programme ENGINO robots, experiment with your ideas and find creative solutions to real-world challenges.

Along the way, you will develop valuable skills in critical thinking, problem-solving and computational thinking, while exploring the exciting worlds of engineering, robotics and coding.

Working on collaborative projects will also help you strengthen your teamwork, communication and leadership skills, while testing, improving and redesigning your creations will build creativity, perseverance and confidence.

The programme includes:

- Designing, building and programming robots
- Exploring basic engineering, robotics and technology principles
- Developing coding and problem-solving skills
- Experimenting, testing and improving your own designs
- Working together to turn ideas into solutions

The Club brings technology, science and imagination together in a creative environment where you can experiment, make mistakes, find solutions and see your ideas come to life.

Build it. Code it. Test it. Make it work!
